Address: **1534 Maximilian Drive, Tampa**

Price: **Free**

FREE Dell Laptop Part# X15L-1024ELS (purchased 2011, hardly used). CPU is CORE i7-2630QM QUAD 2.00 GHz. It has 8GB RAM and a 250GB Samsung SSD. It needs an operating system. As is, it cannot run Windows 11; might be a good machine for a Linux op sys.

Included is a Windows 7 Pro DVD (with legal Product Key). I would not recommend running Win 7 on a laptop that's connected to the internet.
