****Become a Successful Distributor of Nutriplant Organic Plus Fertilizer(foliar)!**** If you are an agrovet owner or want to do business with us.. Are you ready to be your own boss? Start a part-time business with us and grow your future with Nutriplant Organic Plus Fertilizer, an international product by Green World International. Certified in Kenya by various agricultural boards and available since March 2008, this product is renowned for promoting pure organic farming. Here's how you can get started: Register as a distributor with a one-time fee of Ksh 1,500 for a lifetime license and receive a starter kit with company, product, and compensation details. Simply provide a copy of your National ID upon registration. Why partner with us? Nutriplant Organic Plus Fertilizer offers key features such as being 100% natural, non-toxic, eco-friendly, and capable of reducing soil acidity. It increases crop harvests by 40-60%, cuts fertilizer and pesticide costs by 60%, and boosts fruit sweetness by 3-4 times. This foliar fertilizer, suitable for all crops like maize, beans, vegetables, fruits, and cereals, prevents flower abortion and enhances crop yield size. Its quick efficacy and high demand are supported by numerous customer testimonials. Enjoy stock flexibility and choose any amount that suits your business needs while accessing free online training to enhance your business skills. With benefits like promoting root, stem, and leaf growth, improving harvest quality, enhancing resistance to drought, infertility, diseases, and pests, and strengthening seed germination, Nutriplant Organic Plus Fertilizer is designed for
