Address:

Dubai, The Palm Jumeirah

Price:

?.? 1799.00

This evaporative outdoor cooler has been around in Dubai for long time and expected to stay so. CM-12000 is tough air cooling machine with good durability.

A 70 liter water tank would be enough for 8 hours of water evaporation cooling effect without refill.

As all other "Climate+ Dubai" air outdoor coolers, the extended warranty would give peace of mind.
