Hi! I'm David Swartz, a cold calling expert with over 35,000+ appointments set across various industries. After graduating from Arizona State University (ASU) in 1999, I built my career in IT and staffing before launching Swartz Scheduling in 2009. Now, I now offer cold call sales training through a focused 90-minute phone session, available one-on-one or for small groups of up to 4 people at a very reasonable price — perfect for sales professionals, business owners, and teams who want to boost results, overcome call reluctance, and close more deals. I'm here to help you connect, convert, and grow.
