Is the constant juggling act between your CRM and a separate phone system slowing you down? DialerKing offers German small businesses a way out: a CRM Dialer Integration that puts calling directly inside your CRM, freeing up time and helping your sales team connect more effectively.

Key Features and Benefits:

Customized Solutions: We provide setups, adjustments, interface changes, agent appearance personalization, and improved reports
Scalability: No restrictions on the number of agents; cluster solutions are available for up to 100 agents.
Automated Call Logging: Automatically records call details within the CRM for accurate documentation.
Click-to-Call: You can start a call right from a contact's page in your CRM – just one click needed.
Call Recording: Record calls for training, quality control, and dispute resolution.
Reporting and Analytics: Gain insights into campaign success, agent performance, and call activity.
