Malika isn't just a perfume—it's a signature of strength, crafted for those who command attention with grace. Rooted in the opulence of Floral-Oud, this Eau De Parfum opens with a subtle whisper of soft spice and citrus, setting the stage for what's to come.

At its heart, velvety rose takes center stage, wrapped in the deep, sensual richness of oud—a timeless ingredient known for its bold character and allure. As it settles, musk and amber rise gently, leaving behind a warm, long-lasting trail that speaks of quiet power and effortless charm.

Whether you're stepping into a celebration, a boardroom, or your most confident self—Malika is the fragrance that rises with you.
