NCCDP
National Council of Certified Dementia Practitioners

Certified Alzheimer's Disease and

Address: 55 Main Street, Suite 102, Sparta

Price: Check with seller

National Council of Certified Dementia Practitioners (NCCDP) empowers those who seek dementia training certification as well as offers staff training and continuing education for individuals working in the eldercare community. With over 20 years of dementia care education excellence, NCCDP can help you become a certified dementia practitioner so that you can use your dementia and alzheimer's care training to make a positive difference in the healthcare industry. Contact us today to find out about our certification programs and also the other services we provide.

Dedicated to enhancing the quality of care in the field of dementia, we offer personal care assistant certification, designed to equip caregivers with the necessary skills and knowledge for compassionate dementia care. Additionally, our NCCDP dementia care certification sets a standard of excellence in the field, providing comprehensive training for professionals seeking to specialize in dementia care. Visit our website to learn more.
