Kemp House, Lancing

Price:

\$ 299.00

Shoviv Exchange Server Recovery Software is a powerful tool designed to recover corrupted or inaccessible Exchange EDB files with ease. It efficiently restores mailboxes, including emails, attachments, contacts, calendars, and more, without data loss. The software supports both offline and online Exchange mailboxes and allows saving recovered data into PST, EML, MSG, and other formats. It also facilitates direct migration to Office 365 and Live Exchange Server. With its intuitive interface, users can perform recovery tasks without technical expertise. Shoviv ensures fast, accurate recovery and preserves folder hierarchy, making it an ideal solution for Exchange Server disaster recovery.
