Address:

Plot No.1, Udyog Vihar, Phase I, Gurugram, Haryana, Gurgaon

Price:

? 10000.00

SIOTA: IoT-Based Smart Water Monitoring System is an intelligent solution that leverages the Internet of Things (IoT) to efficiently track, analyze, and manage water usage. Equipped with smart sensors and real-time data analytics, SIOTA monitors water flow, quality, pressure, and consumption patterns across residential, commercial, or industrial settings. The system detects leaks, contamination, and abnormal usage instantly, helping prevent waste and ensure water safety. Through cloud connectivity and user-friendly dashboards, it enables remote access and automated alerts. SIOTA promotes sustainable water management by offering actionable insights, reducing operational costs, and supporting environmental conservation through smarter, data-driven decisions.
