Delhi, New Delhi

? 10000000.00

Festivals lead to peak buying season. But there is always a seasonal dip during monsoon months, because logistics changes and site visits become difficult. Winter months lead to another increase in buyer activity, namely NRIs visiting India. Realtor utilize seasonal analytics to guide their clients in making smart purchase decisions. Be it festival-induced frenzy or opportunities in the off-season, Realtor can assist you in navigating India's real estate cycle.
