Address: Price: Bahadurgarh-Jhajjar SH 22, Bahadurgarh, Haryana, Pune Free

The Construction Project Management program at NICMAR University, Delhi-NCR, focuses on developing professionals skilled in planning, executing, and controlling construction projects efficiently. The curriculum encompasses key areas, including project scheduling, cost control, risk management, construction contracts, and quality management. It integrates advanced tools such as Primavera, MS Project, and BIM to enhance technical proficiency. Students gain practical experience through internships, case studies, and site visits. With an industry-oriented approach and expert faculty, the program prepares graduates to lead complex infrastructure and real estate projects, ensuring timely delivery, safety, and sustainability in a competitive environment.
