Price:

\$ 29.00

Easily convert Outlook OST files to MSG format in bulk with DataVare OST to MSG Converter. This software allows seamless migration of multiple OST emails into MSG format without data loss or file corruption. Designed for professionals and businesses. It gives 100% accuracy while preserving email metadata, attachments and folder hierarchy. No need for MS Outlook installation. This standalone tool supports all OST files from any Outlook version including Outlook 2021, 2019, 2016 and earlier. Its intuitive interface makes batch conversion quick for both technical and non-technical users. Compatible with all Windows OS versions including Windows 11 and 10. Try the free demo to test functionality before purchasing.
