Price:

\$ 2341.00

Labiaplasty is a word that describes a procedure that shortens the length of the labia minora, or inner lips next to the vagina. The procedure is performed frequently and with ever increasing popularity. We respect your privacy. Many patients do not want to write a review regarding genitals where their name is in the required email address. We have so many happy patients from the last 40 years of work. Get Labiaplasty near Me at an affordable price. Contact Us:- <https://northfloridalabiaplasty.com/contact-us/>
