The B.Tech in Electronics and Communication Engineering (ECE) at M S Ramaiah University equips students with a strong foundation in electronics, communication systems, signal processing, VLSI, embedded systems, and emerging technologies such as IoT and AI-driven communication. The program blends rigorous theory with hands-on laboratory work, industry-focused projects, and internships to prepare graduates for real-world challenges. Students benefit from experienced faculty, modern infrastructure, and a research-oriented learning environment that fosters innovation and problem-solving skills. Graduates are well prepared for careers in core engineering sectors, higher studies, and interdisciplinary domains.
