Address:

B-8, Narkel Bagan, Kamdahari, Garia, Kolkata

Price:

? 4000.00

I take the opportunity to introduce PrimeCard, a Training Intervention Team (Full Stack Areas) for Corporates. We specialize in empowering individuals and teams with the skills and knowledge needed to excel in today's competitive business landscape. We are headquartered in Kolkata and operating PAN India. We assess, understand, counsel and train. We have been conducting various programs for IT and NonIT Corporates. Empowering 'THE INDIVIDUAL' is our motto. Our assessments and training programs are designed to meet Industry needs and demands. We make the students learn how to convert strengths into skills and instill self-motivation and a 'can do' attitude. The ultimate purpose is to make each of them stand out with their hidden potential. We are a team with rich Industry exposure and thus share practical experiences to make the learning of participants memorable and useful. We bridge the gap in qualification ~ knowledge, awareness ~ understanding. Why Choose Our Programs? 1. Comprehensive Software Training: Our software training programs cover a wide range of applications, including Full Stack Web Development. From beginner to advanced levels, our courses are designed to cater to various skill levels and ensure a holistic understanding of the software. Our expert instructors will guide your employees through hands-on exercises and provide valuable insights to help them master these tools. 2. Holistic Soft Skill Development: In addition to software training, we recognize the importance of soft skills in personal and professional growth. Our soft skill development
