The Oman PCC is a vital document as it may serve many purposes for example to get a job, a visa for immigration or travels to some particular countries, adoption procedures, and other legal or administrative procedures among others.

Usually, people applying for the Oman Police Clearance Certificate submit their application as well as the required supporting documents including proof of identity to the concerned authority. The candidate's police records are examined in detail by authorities, to make sure they have no criminal records. When the verification process is complete and the application is approved, the Oman PCC goes to the applicant.
