Admissions Open

Discover our difference

Vastly different from any other preschool, Edify Kids is uniquely placed to provide everything necessary for the first step of your child, one that takes him or her far in life.

What your child will learn at Edify Kids?

- Fine Motor Skills: Toddlers' fine motor skills, which include finger and hand movement, need to be encouraged in order for them to progress. At Edify Kids, we offer a wide variety of activities for your child to develop his/her fine motor skills.
- Gross Motor Skills: We focus on the development of all gross motor skills of toddlers such as walking, running and kicking. Gross motor abilities share connections with other physical abilities.
