We have the projects called US Medical form filling process. This process is available not only for single system and also bulk systems for centers. We will provide 3000 US Hospital data for the period of 15 days (Including Sundays).After 3 days Quality check report and Next day Payment. Its purely Offline process, Once you join with us we will provide 3 days training , in that training we will provide the demo qc reports also. From that we can able to understand our mistakes what we did in demo file. So we should not do that type of mistakes in Original work. While installing the software we require internet. Agreement period is 11 Months. We provide stamp paper agreement for payment security. If you are doing good then it will be extendable up to 18 months. Laptop or System with Windows Operating system Required. Our software will work only with Windows Operating system. For more details please contact 7708244092
