For the past 12 years we have been an Authorized dealer for Performance Machine. You can Experience the pinnacle of motorcycle customization and performance with Performance Machine Wheels, available at StreetCustomMotorcycle.com These wheels are the epitome of style, precision engineering, and cutting-edge technology, designed to take your ride to the next level.

Each PM product becomes a form of self-expression when it's installed on your bike. Whether you are building your dream one piece at a time or all at once, PM products are designed to help you create a cohesive, custom look with timeless beauty that lasts forever – you will never be out of style.

PM wheels are manufactured in the USA and tested in-house to ensure quality and performance under everyday riding conditions. Performance Machine offers a variety of designs, sizes, applications and the industry's most notable finishes such as Chrome, Black or Contrast Cut™ to give you the most choices. Visit StreetCustomMotorcycle.com to see the selection of Performance Machine wheels for Harley Davidson motorcycles
