Raburn Kaufman LLC is your trusted consumer law firm, specializing in issues related to credit reporting and identity theft that affect consumers' credit scores. Our attorneys help resolve inaccuracies in credit reports, background checks, and tenant screenings through litigation. We litigate FCRA cases involving credit reporting errors to ensure compliance with legal standards of the Fair Credit Reporting Act. While we aim to improve our clients' credit profiles and remove inaccuracies through litigation, we focus strictly on legal advocacy rather than financial advising. Trust our team to address issues with major credit bureaus like Equifax, Experian, and TransUnion, ensuring your rights are protected.

We are a leading law firm specializing in credit law. Our expert team includes a credit lawyer, credit reporting error attorney, identity theft attorney, and employment background check error lawyer, providing top-tier legal services to protect and restore clients' financial reputations.
