"Mark these important dates on your calendar to stay ahead of your tax obligations:

1. April 15, 2024: This is the standard deadline for most taxpayers. Individual tax returns (Form 1040) and payments for any taxes owed are due on this date.
2. March 15, 2024: S-corporations and partnerships must file their returns by this date.
3. October 15, 2024: This is the extended deadline for individual returns if you file for an extension.

Why These Dates Matter ?

Understanding these deadlines is crucial because missing them can result in penalties and interest. Moreover, filing early can mean faster processing and quicker refunds if you're owed money."
