INFOQUEST E-SOLUTION SDN BHD is a Malaysian IT-based company founded in 2004. We are providing online and offline digital technology solutions for its dedicated business customers. It is actively involved in transforming healthcare with the Integration of Artificial Intelligence (AI). AI integration in healthcare ecosystems is believed to be a rewarding potential solution to some of the challenges faced by the systems around the world. This novel technology could transform Malaysian healthcare to achieve greater efficiency. We are providing online and offline digital technology solutions for its dedicated business customers. IQ's simple intention is to equip its customers with the newest extension of digital-based solutions that could grant them greater heights of achievement in today's digitalized world.
